9 June 2022

**Site Visit**  
6 - 7 August 2022

**Finalists Presentation to Jury Panel & Conference**  
16 - 17 September 2022

**QBA 2022 Award Presentation Ceremony**  
December 2022

Co-founded in 2002 by nine of Hong Kong's leading professional institutions, the ceremony has been held biennially ever since, and was quickly established as the one of the property sector's most coveted honors. Since its inception, QBA has celebrated and offered public recognition to buildings that embody excellence.

## Smart, Sustainable & Superior

As a world-renowned metropolitan city, Hong Kong is home to some of the finest infrastructure, and a forward-thinking construction industry. QBA 2022 is awarding recognition to the eminent quality of building projects in order to facilitate the growth of Hong Kong's everchanging building industry. With a theme of "Smart | Sustainable | Superior", we aim to create an opportunity for the professionals in the industry to be celebrated for working holistically in the communities they serve.

True to the award's name, this year the organizers hope to bestow this award to buildings which have demonstrated in their nature a truly 'superior' and 'sustainable' design implementation, in order to promote the concept of going green not only through building design but also in our everyday lifestyle and energy usage. The buildings that will be awarded we hope will be of the highest quality in terms of their conception such that they last longer than others.

## Why Participate?

QBA 2022 is primarily about facilitating the growth of Hong Kong's everchanging building industry into a hub for sustainable architecture. With a theme of “**Smart** | **Sustainable** | **Superior**”, we aim to create an opportunity for the professionals in the industry to be celebrated for working holistically in the communities they serve.

ative Project Award”

**Hong Kong Children's Hospital**

**Mr YU Tak Cheung, JP**  
Former Director of Buildings,  
Buildings Department,  
HKSARG

## Comment from the Chairman of QBA 2020 Jury Panel

The project team has done a superb job in meeting the complex user's requirements for the Hong Kong Children's Hospital. The team completed a cost-effective and quality green building with the Platinum rating under the BEAM Plus by adopting an Integrated Design, viz. discovering and developing design solution in a collaborative approach. Not only providing a home-like, child-friendly and comfortable environment for the children and hospital staff, the team has created an amicable and inspirational environment by using "A Habitat for Life" design concept to remove the stressful and negative emotion so as to encourage faster healing.

## Why support QBA 2022?

QBA 2022 is about celebrating excellence in building quality and promoting a collective commitment to sustainability by the building industry; however, as embodied by the collaboration of its co-organizers, it's also about bringing the industry together.

### Brand Positioning:

Be part of QBA's long-standing tradition of excellence and credibility.

Enjoy recognition in all QBA-related communication channels, with an estimated combined advertising and PR media value of **HK\$400,000+**.

Exclusive use of co-founding institutions' communication channels to reach their full membership base

(reach around **70,000+** professionals).

Shape the live experience for and connect with **500+ distinguished guests** at the Award Presentation Ceremony.

Receive and keep a tailor-made and high-quality award plaque as a **timeless memento** for your contribution to the city and community.

## Legacy: Option for Past Winners

### Tailor-made Award Plaque

Order a finely crafted, QBA-endorsed award plaque for display at your building. Unlike a trophy, this certified award plaque can be hung on your building's wall (in the lobby, or any other suitable location) to showcase your building's status as an industry-recognized symbol of excellence

**HK\$30,000**
