### Quality Building Award 2008 nominations begun

The nominations of Quality Building Award 2008 (QBA2008) have begun on 1 July 2007. The theme of QBA2008 is to "Set No Boundary for Quality Buildings" so as to further promote the concept behind QBA worldwide. Other than the usual "Residential Building Category" and "Non-Residential Building Category", a new category of "Special Awards" will recognize Heritage, Innovative and Sustainable elements of projects as well as Projects Outside Hong Kong.

QBA is a biennial award founded in 2001 by seven building and construction related associations in Hong Kong. The objective of QBA is to acknowledge quality building teams that help construct buildings with outstanding quality. The awardees for QBA were not individual nor institution in particular but the entire project team which were committed to excellent rules of conduct and high quality building projects. QBA aims to be recognized by the industry as a highly prestigious Award and to be one of the highest Awards given to those who are committed to creating buildings of the highest quality while continuously passing along the spirit behind QBA at the same time.

QBA2008 has 3 award categories which include "Residential Category", "Non-Residential Category" and the pioneering "Special Awards Category".

QBA2008 is jointly organized by nine professional institutes and associations including The Hong Kong Construction Association (HKCA), The Hong Kong Institute of Architects (HKIA), The Hong Kong Institute of Construction Managers (HKICM), Building Division, Building Services Division and Structural Division of the Hong Kong Institution of Engineers (HKIE - BD, BSD & SD), The Hong Kong Institute of Housing (HKIH), The Hong Kong Institute of Surveyors (HKIS), The Hong Kong Chapter of International Facility Management Association (IFMA - HK Chapter), The Hong Kong Quality Assurance Agency (HKQAA) and The Real Estate Developers Association of Hong Kong (REDAA).
